

Giovanni Norbedo

MSc Student · Foundations of AI & ML · Trieste, Italy

norbedo@proton.me | norbedo.xyz | github.com/giovanni-norbedo | linkedin.com/in/norbedo

EDUCATION

University of Trieste · MSc, Data Science & Artificial Intelligence (Foundations of AI & ML) 2026 - Present

University of Trieste · BSc, AI & Data Analytics 2023 - 2026

SELECTED PROJECTS

Hastings-Powell Chaos Simulation · *code* 2025

- Numerical analysis of tri-trophic chaotic ODEs, strange attractors, bifurcation cascades, and chaos suppression via prey harvesting.

TensorForth: Parallel C Interpreter · *code* 2025

- Stack-based C99 interpreter with OpenMP multi-threading for parallel 1D/2D tensor operations and cellular automata.

Minesweeper3D & Constraint Solver · *code* 2024

- 3D puzzle engine in Python/Ursina with an exact solver based on linear integer constraint satisfaction.

CERTIFICATIONS & SKILLS

Scientific Computing:	PyTorch, Scikit-Learn, NumPy, SciPy, Gurobi, Z3 SMT Solver, SageMath, Statsmodels
Programming & Systems:	Python, C/C++, OpenMP, MATLAB, R, SQL, Bash, Linux, Docker, Git
Certifications:	Business Plan & Case Modeling (UniTS / Bestr)
Languages:	Italian (Native), English (B2 Upper-Intermediate, Cambridge English FCE)
